Step 1: Prepare the shredded soap. We used soap scraps in pink, yellow, and orange. We used about 16 ounces of shredded soap. Place them in a bowl and mix. Set this bowl aside, for now.

Step 2: Prepare your lye solution. Allow the lye solution to cool to room temperature.

Step 3: While you are waiting for your lye solution to cool, prepare your soaping oils. Once your oils are melted, allow them cool to room temperature.

Step 4: While you are waiting for your oils and lye solution to cool, prepare the peach colorant and titanium dioxide.

Here's How It's Done : Directions

Step 5: When both the soaping oils and the lye solution are at room temperature, combine them. Then, stick blend the soap batter to emulsify. Next, add the A Thousand Dreams Fragrance Oil and Vanilla White. Once again, stick blend your soap batter to incorporate the scent.

Step 6: Now, separate your soap batter. At this time, you will need your three mixing bowls. To the first bowl, add about $\frac{1}{4}$ of the soap batter. Add the peach colorant and stick blend. Set this bowl aside for now.

Step 7: To the bowl containing the remaining soap batter, add the titanium dioxide mixture. Stick blend to incorporate the colorant. Separate the white soap batter. Place about 16 ounces of the white soap batter in the third bowl. Set this bowl aside, we will use it later to pipe the top of the loaf.

Step 8: To the remaining batter, add about 15 ounces of the shredded soap. Stir to incorporate the shredded soap. Keep the remaining ounce to top the soap.

Step 9: Next, you will need your soap mold. Add the peach soap batter.

Step 10: Now, right on top of the peach soap, add the white soap batter containing the shreds.

Step 11: Add the remaining white soap batter to a decorating bag with a large round decorating tip. Pipe the top of the loaf and add the remaining shredded soap.

Step 12: After 48 hours, remove the soap from the mold. When ready, cut the soap into slices. Allow them to cure before using.

We hope that you enjoy the A Thousand Dream Cold Process Soap Recipe!
