15 grams - Arrowroot Powder  
10 grams - Poppy Seeds Whole  
10 Drops – Deep Purple FUN Soap Colorant  
10 Drops- Tomato Red FUN Soap Colorant  
Juniper Berries for Decorating Tops

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Weigh out coconut oil 76, avocado oil, cocoa butter, shea butter, silky emulsifying wax, jojoba oil, and beeswax. Melt in a double boiler until everything is completely melted. Stir occasionally.

While you are waiting for everything to melt, weigh out your 5 grams of camu camu fruit powder and 18 grams of vegetable glycerin. In one of your mixing bowls, combine the camu camu powder and vegetable glycerin, and using a fork, blend them until you get a liquid like paste. Set this aside.

Allow temperature of your melted mixture to reach 120F and add optiphen preservative, vitamin E oil, arrowroot powder, and Acai Berry fragrance oil. Stir.

Next, add 680 grams sugar and whisk until well incorporated.

Allow mixture to cool to room temperature and add camu camu mixture, and poppy seeds. Stir. Add 10 drops deep purple FUN soap colorant, add 10 drops tomato red FUN soap colorant. Mix thoroughly.

Pour into jars and allow to set up. Sprinkle tops with juniper berries.
