

## Alpine Snowdrift MP Soap Recipe

*Recipe makes approximately 3 pounds of soap.*

Here's What You Need:  
Ingredients

[Alpine Snowdrift Fragrance Oil](#)  
[Yogurt Melt and Pour Soap Base](#)  
[Whipped Soap Base](#)  
[Neon Blue FUN Soap Colorant](#)  
[Black Oxide FUN Soap Colorant](#)  
[Neon Yellow FUN Soap Colorant](#)  
[Vanilla White Color Stabilizer](#)  
[Vegetable Glycerin](#)  
[Kaolin White Clay Powder](#)  
[8 oz Clear PET Bullet Bottle](#)  
[24/410 White Fine Mist Sprayer](#)

### Other Ingredients & Equipment You'll Need:

Mixing Bowls  
Mixing Spoon  
Hand Mixer  
Scale  
Loaf Mold  
Pan (lined with wax paper)

## Here's How It's Done : Directions

### **Total White MP Soap:**

700 grams Yogurt Melt and Pour Soap Base  
35 grams Alpine Snowdrift Fragrance Oil  
35 grams Vanilla White Color Stabilizer  
8 grams Kaolin Clay Powder  
19 grams Vegetable Glycerin

### **Total Blue MP Soap:**

700 grams Yogurt Melt and Pour Soap Base  
35 grams Alpine Snowdrift Fragrance Oil  
35 grams Vanilla White Color Stabilizer  
5 drops Neon Blue FUN Soap Colorant

### **Total Amounts for Yellow Embeds:**

33 grams Yogurt Melt and Pour Soap Base  
1 gram Alpine Snowdrift Fragrance Oil  
1 gram Vanilla White Color Stabilizer  
2 grams Vegetable Glycerin  
2 drops Neon Yellow FUN Soap Colorant

### **Total Whipped Soap Amounts:**

300 grams Whipped Soap Base  
300 grams Yogurt Melt and Pour Soap Base  
30 grams Vegetable Glycerin  
30 grams Vanilla White Color Stabilizer  
30 grams Alpine Snowdrift Fragrance Oil

### **Total Amounts for Skis and Boots:**

80 grams Yogurt Melt and Pour Soap Base  
4 grams Alpine Snowdrift Fragrance Oil  
4 grams Vanilla White Color Stabilizer  
5 drops Black Oxide FUN Soap Colorant

**Step 1:** Prepare the clay. In a small mixing bowl, add the clay and vegetable glycerin. Mix. Set this aside for the moment.

**Step 2:** First, weigh out 1400 grams of the melt and pour soap base. Melt the soap base in 30 second intervals until it is in a fluid state. Once melted, separate the soap into two bowls of 700 grams each.

**Step 3:** To one of the bowls add, the neon blue colorant, fragrance oil and vanilla white. Stir. To the second bowl, add the clay, fragrance oil, and vanilla white. Stir.

**Step 4:** Now, with your mold in front of you, you will need one of the bowls in each hand. Pour them into the mold at the same time. Spray the soap with alcohol to release any air bubbles.

**Step 5:** Prepare the embeds. We will begin by preparing the pants. So, in a small bowl, melt 33 grams of the mp soap base. Then, add 2 grams of vegetable glycerin and 1 gram of the Alpine Snowdrift Fragrance Oil. Stir. Pour the soap onto a pan lined with wax paper. Once the soap has setup, cut 8 pairs of pants. Set these aside.

## Here's How It's Done : Directions

**Step 6:** Prepare the skis and boots. So, weigh out and melt 80 grams of the yogurt melt and pour soap. Then, add 4 grams of each the fragrance oil, vanilla white, and vegetable glycerin. Stir. Pour the soap onto a pan lined with wax paper. Allow the soap to setup. Finally, cut 16 pieces in the shape of skis. Then, 16 pieces in the shape of boots. Set these aside.

**Step 7:** Prepare the whipped soap base. In a deep mixing bowl, weigh out 300 grams whipped soap base, 30 grams fragrance oil and 30 grams vegetable glycerin. Using your hand mixer, whip the ingredients until you have a whipped consistency. Set this aside, for now.

**Step 8:** In a separate mixing bowl, weigh out and melt 300 grams of the yogurt melt and pour soap base. Melt the soap base in the microwave in 30 second intervals.

**Step 9:** Add the melted soap base to the bowl containing the whipped soap base. Once again, using a hand mixer, whip the base until you have a whipped frosting consistency. Then, quickly scoop the soap on top of the loaf, creating a mountain shape on top.

**Step 10:** Place the legs in the whipped soap so that it looks like someone fell head first into the snow. Then, place a set of skis near each of the legs, as if they came off in a fall.

**Step 11:** Once the soap has setup, simply remove it from the mold and cut it.

Your Alpine Snowdrift MP Soap is now ready to use! Enjoy!
