Here's How It's Done : Directions

Total Recipe Amounts:

27 ounces Ritzy Bath Gel
2 ounces Distilled Water
1/2 tsp Xanthum Gum
12 ml Bite Me Fragrance Oil
15 drops Da Bomb Soap Dye- Red

Clean and sanitize your workstation and all of your packaging materials and utensils. It is suggested that you wear gloves, an apron, gloves, a face mask, and a hair net while preparing this recipe.

Step 1: First, in a mixing bowl, weigh out 27 ounces of the Ritzy Bath Gel from Natures Garden.

Step 2: Next, to the bath gel, add 15 drops of the red Da Bomb Soap Dye.

Step 3: Also, to the bath gel, add 12 ml Bite Me Fragrance Oil using a disposable pipette.

Step 4: Use a mixing spoon to blend the ingredients together.

Step 5: You will notice that the fragrance oil thinned the base slightly. To thicken the base back up, we will add a xanthum gum slurry. So, in a separate bowl, add ¼ tsp of the xanthum gum along with 2 ounces of distilled water. Use a hand mixer, to mix the water/xanthum gum on high speed for about 5 minutes.

Step 6: Finally, add the slurry to the red bath gel.

Step 7: Use a funnel to fill each 8 oz. Boston Round Bottle.

Your Bloody Bath Gel is now ready to use!
