

Calendula Bath Melts Recipe

Recipe makes approximately 4 clamshells.

Here's What You Need:
Ingredients

[COCOA BUTTER DEODORIZED](#)

[SUNFLOWER Oil](#)

[BEESWAX White Pastilles](#)

[Asian Pear and Lily Fragrance Oil](#)

[Golden Sunshine Fragrance Oil](#)

[Calendula Flowers- Whole](#)

[Clamshell Containers](#)

[Fillable Bath Tea Bags with Pull Strings](#)

Here's How It's Done : Directions

227 grams Cocoa Butter Deodorized
15 grams Sunflower Oil
11 grams White Beeswax
20 grams Calendula Flowers Whole
4 grams Asian Pear and Lily Fragrance Oil
OR 4 grams Golden Sunshine Fragrance Oil

Please Note: If you do not want to have herbs floating around in your tub, you can place the bath melts into a fillable bath tea bag with pull string.

Step 1: Clean and sanitize your work area. Weigh out all of your Cocoa Butter, Sunflower Oil, and Beeswax.

Step 2: Using the double boiler method, melt these items down.

Step 3: Once melted, add your choice of Asian Pear and Lily or Golden Sunshine Fragrance Oil. Stir to incorporate.

Step 4: Next, lay out the 4 clamshell containers.

Step 5: Now, slowly pour the mixture into your clamshells, leaving some room for the calendula flowers.

Step 6: Next, weigh out the calendula flowers. When the bath melts have a slight film, carefully sprinkle each clamshell with calendula flowers.

Step 7: When the bath melts are moveable, place them in the freezer for 30 minutes.

Step 8: Finally, remove the bath melts from the freezer. Then, lid your clamshells.

Your calendula bath melts are now ready for use!

To Use: Place one bath melt cube into the bathtub under warm running water. Only one bath melt is needed. Be Careful: Your bathtub will be slippery from the oils and butters once the bath melt has melted. Also, pigments and powdered herbs may leave a colored ring in your bathtub. This easily cleans up with soap and water; it is not a permanent stain.

Please note: These bath melts will begin to melt just from physical contact with the skin. It is not advised to ship these during the hotter temperature months.
