- 17 grams Mango Butter
- 1 gram Vitamin E Oil
- 4-6 Chocolate Candy Wafers

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

1. Weigh out the proper amounts of beeswax and mango butter.
2. In a double boiler, melt your beeswax, chocolate wafers, and mango butter since they take longer than the other oils in this recipe to melt.
3. Weigh out the proper amounts of coconut oil 76, avocado oil, and vitamin E.
4. Add those oils to your melted beeswax/mango butter/chocolate mixture, and allow to melt thoroughly. Be careful not to get your oils/butters too hot or you will ruin them. Remove from heat.
5. Place your mixture into lip balm tubes using the transfer pipettes. Plastic pipettes work better than glass pipettes because they do not cool down your mixture as quickly as glass pipettes do.
6. Allow to cool at room temperature.
