- 155 grams Cocoa Butter
- 102 grams Fractionated Coconut Oil
- 65 grams Meadowfoam Seed Oil
- 10 grams Kickin Cocoa Fragrance Oil
- 10 grams Arrowroot Powder
- 5 grams Vitamin E Oil
- 5 grams Organic Cocoa Powder

Clean and sanitize your work area as well as your packaging.

Step 1: Weigh out your mango butter, coconut oil, meadowfoam seed oil, and cocoa butter. Then, using a double boiler melt them, stirring occasionally while they are melting.

Step 2: Once everything is in a fluid state, remove the melted oils and butter from the heat. Add 10 grams of arrowroot powder, 5 grams of vitamin E oil, 10 grams of the Kickin Cocoa Fragrance Oil, and 5 grams of cocoa powder. Then, mix to incorporate all of the ingredients.

Step 3: Pour the mixture into a deep mixing bowl and allow the contents to cool to room temperature. Use a hand mixer to blend the ingredients about every 20 until it is no longer fluid.

Step 4: Once your body butter thickens, place your body butter in the jars. Finally, place a lid on each jar.
