Step 1: After you have made your cold process soap recipe, pour the soap batter into 2 of the 4 mold openings in the silicone loaf mold.

Step 2: Next, carefully place the silicone loaf mold in the oven and bake for 2 hours on 170 degrees Fahrenheit.

Step 3: When the 2 hours expire, remove your silicone loaf mold from the oven, and allow to cool for 24 hours.

Recipe for Lemonade Ice Topping:

150 grams- Goat's Milk Melt and Pour Soap Base
8 grams- Lemon Sugar Fragrance Oil

Step 4: While you are waiting, weigh out and melt 150 grams of Goat's Milk Melt and Pour Soap Base. Do this in 30 second increments, stirring gently until all soap is in a liquid state.

Here's How It's Done : Directions

Step 5: Add 8 grams of Lemon Sugar fragrance oil; stir well. Once incorporated, pour all of the soap into your square loaf mold. Set aside. Allow to set up at room temperature.

Step 6: Once the ice soap has fully set up, it is now time to cut the ice.

Step 7: Get your square loaf mold and place the mold upside down. Using your thumbs, apply gentle pressure to the white layer of soap. When the layer releases; set it down on your cutting board.

Step 8: Using your large knife, score 3 columns and 10-15 rows. These will be your ice cubes. The ice cubes can be cut anyway you want- large or small. On Bailey's Loaf Soap, she used about 31 combination large and small ice cubes per loaf. Once cut, set aside.

Recipe for Lemonade Topping:

101 grams- Diamond Clear Melt and Pour Soap Base
5 grams- Lemon Sugar Fragrance Oil

Step 9: Once the soap has cooled; in your microwave safe glass container, weigh out and melt 101 grams of Diamond Clear Melt and Pour Soap Base in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Step 10: Next, add 5 grams of Lemon Sugar fragrance oil; stir well. Once incorporated, pour the melted soap into the loaf molds soap.

Step 11: Quickly, sprinkle the ice cubes into the liquid soap. Set this aside. Allow this to set up fully.

Step 12: Allow the soap to sit in the silicone loaf mold for an additional 24 hours.

The next day...

Recipe for Lemonade Straws:

86 grams- Goat's Milk Melt and Pour Soap Base
15 drops- Fun Neon Pink Soap Colorant
2 grams- Vegetable Glycerin
5 grams- Lemon Sugar Fragrance Oil

Step 13: In your microwave safe glass container, weigh out and melt 86 grams of Goat's Milk Melt and Pour Soap Base in the microwave 30 seconds at a time. Stir gently. Keep melting until all soap is in a liquid state.

Here's How It's Done : Directions

Step 14: Add 15 drops FUN Neon Pink soap colorant to melted soap. Mix well. Add 5 grams of Lemon Sugar fragrance oil, and 2 grams vegetable glycerin; stir well.

Step 15: Once incorporated, pour all of the soap into your square loaf mold. Set aside. Allow to set up at room temperature.

Step 16: Get your square loaf mold and place the mold upside down. Using your thumbs, apply gentle pressure to the pink layer of soap. When the layer releases; set it down on your cutting board.

Step 17: Using your large knife, score 10 columns in the pink soap. These will be your drinking straws. Once scored, fully cut the straws and set aside.

Step 18: Remove your soap loaves from the molds. Using your large knife, cut them into 1 inch wide slices.

Step 19: In your microwave safe glass container, weigh out and melt 10 grams of Diamond Clear Melt and Pour Soap Base in the microwave for 15 seconds. Stir gently.

Step 20: Next, carefully bend one end of the pink soap to replicate a straw. Quickly dip the straight end of the straw in your melted diamond clear soap and stick into ice soap topping.

Step 21: Once all sliced soaps have a straw, your Cold Fashioned Lemonade Soap is now ready to use. Enjoy!
