Measuring Cups  
Measuring Spoons  
White Elmer's Glue  
Shaving Cream  
Pink Slime Confetti  
Blue Slime Confetti

## Here's How It's Done : Directions

**Step 1:** First, prepare your borax solution. Add ½ teaspoon of Natures Garden's borax your bullet bottle. Then, add 8 ounces of warm water. Place a white lid on the bottle. With the lid in the closed position, shake the bottle to mix the two ingredients together. You can set this bottle aside for now. You will need this solution in a later step.

**Step 2:** Next, in a deep mixing bowl, add 1 cup of the white Elmer's glue. Additionally, add 2 cups of shaving cream. Also, use a disposable pipette to add 4ml of the Cotton Candy Fragrance Oil. Use your hands to blend everything together completely.

**Step 3:** Now, divide your mixture into two bowls. To the first bowl, add a small amount of the neon pink FUN Soap Colorant. To the second bowl, add a small amount of the neon blue FUN Soap Colorant. Once again use your hands to mix the colorants into the mixture.

**Step 4:** At this time, you will need the borax solution you prepared in the first step. Add a small amount of the borax solution to the first bowl and mix. Then, add more of the solution and mix again. Repeat this process until you have a fluffy slime consistency. Then, do the same with the second bowl.

**Note:** If you do not add enough borax solution, your slime will be too sticky. If you add too much of the borax solution, your slime will be too stiff and not as stretchy. So, make sure you add only small amounts of the solution at a time.

**Step 5:** Place your jar on its side. Place the blue slime in half of the jar. Then, place the pink slime in the other half of the jar. Place the jar right side up. Place blue glitter on the pink side and blue glitter on the pink side. Finally, put your lid on top.

We hope that you enjoy your cotton candy scented slime!
