## Here's How It's Done : Directions

**Step 1:** First, weigh out and melt 54 grams of the Pillar of Bliss Wax using a double boiler.

**Step 2:** Once melted, add a small amount of the red color block to create a red color. Stir.

**Step 3:** Next, add 5 grams of the Cranberry Balsam Fragrance Oil. Stir.

**Step 4:** Pour the melted wax into the blueberry mold. You will need 18 cranberries. Allow the wax to set up before removing them from the mold. Set these aside, for now.

**Step 5:** Weigh out and melt 130 grams of the Palm Pillar wax from Natures Garden.

**Step 6:** Once melted, add 13 grams of the Cranberry Balsam Fragrance Oil. Stir.

**Step 7:** Pour the wax into 6 cavities of the oval mold. Fill each cavity about  $\frac{1}{4}$ " full.

**Step 8:** Place 3 cranberries in each cavity. Then, place some of the pine leaves in each cavity.

**Step 9:** Remove the air fresheners from the mold. Use a wick pin to place a hole in each air freshener.

**Step 10:** Place a ribbon through each hole.

Your cranberry balsam air fresheners are ready to use! Enjoy!
