## Elderflower Apple Blossom Candle Recipe

*Recipe makes one candle*

Here's What You Need:  
Ingredients

[Joy Wax](#)

[Nature Friendly Candle Dye- Magenta](#)

[Nature Friendly Candle Dye- Forest Green](#)

[Elderflower Apple Blossoms Fragrance Oil](#)

[CD Candle Wicks](#)

[POURING POT](#)

[THERMOMETER](#)

[Warning Labels](#)

[Nature's Garden Apron](#)

Other Ingredients & Equipment You'll Need:

8 oz Apothecary Jar

Scale

Mixing Spoons

Knife

Hot Glue Gun and Glue Stick

Pot (For Double Boiler)

Toothpicks

## Here's How It's Done : Directions

**Step 1:** Prepare your candle jar. Adhere a CD wick to the bottom of your candle jar using a hot glue gun. Prop up one side of your jar. You will need to prop it up about one inch and keep it stable. We used a cutting board to prop ours up.

**Step 2:** Weigh out and melt 65 grams of the Joy Wax. Once melted, add a small amount of the magenta Nature Friendly Candle Dye using a toothpick. Stir to blend the colorant with the wax. Add 6 grams of the Elderflower and Apple Blossoms Fragrance Oil. Once again, stir.

**Step 3:** Pour the wax into the candle jar. Pour it into the bottom corner of the side that is not propped up. Allow this to set up before moving on.

**Step 4:** Prepare the white wax. Weigh out and melt 30 grams of the Joy Wax. Once melted, add 3 grams of the Elderflower and Apple Blossoms Fragrance Oil. Stir.

**Step 5:** With the jar still tilted, pour the melted wax into the candle jar in the same manner that you poured the pink wax. Allow the wax to set up.

**Step 6:** Once wax has set up, place your jar flat on your table or countertop.

**Step 7:** Weigh out and melt 120 grams of the Joy Wax. Once melted, use a toothpick to add a very small amount of the forest green Nature Friendly Candle Dye. Stir. Then, add 12 grams of the Elderflower and Apple Blossoms Fragrance Oil. Again, stir.

**Step 8:** Pour the candle wax into the candle jar. Allow it to set up before trimming the wick to  $\frac{1}{4}$ ". Apply a warning label to bottom of the container.

Once cured, your Elderflower Apple Blossoms Candle is ready to use!
