Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

**Step 1:** Melt the beeswax, coconut oil 76, jojoba oil, castor oil, candelilla wax, cocoa butter, and mango butter using a double boiler. Stir.

**Step 2:** Then, once you have melted the butters, beeswax, and oil, add honey, vitamin e, and Green Apple Blast Flavoring. Stir.

**Step 3:** Now, place the mixture into the white lip balm tubes using the transfer pipettes. Disposable pipettes will work better than the glass pipettes because they do not cool down your mixture as quickly as glass pipettes do.

**Step 4:** Allow the lip balm to harden at room temperature.

**Step 5:** Finally, when the lip balm has setup, place the caps on the lip balm tubes. Your Green Apple Lip Balm is now ready to use!
