This recipe is best prepared in non-humid climates. Prior to making this recipe, pour some of your witch hazel into your spray bottle in order to have this ready.

Step 1: First, weigh out and mix 264 grams of baking soda, 132 grams of citric acid, and 5 grams of bentonite clay. If there are any clumps, break them up with your hands.

Step 2: Then, in a separate bowl, add 28 grams of apricot kernel oil, 7 grams of Neon Green Fun Soap Colorant, and 8 grams of Green Apple Candy fragrance oil. Use a spoon to mix these ingredients together. It will have a paste like consistency.

Step 3: Use a spoon to add the wet ingredients bowl to the dry ingredients bowl. Using your hands, incorporate well. You want to make sure everything is thoroughly mixed.

Step 4: Weigh 15 grams of Epsom Salt. Place in a ziplock bag, add 3 drops of Kelly Green Fun Soap Colorant, and mix until all of the salt is colored. Carefully, sprinkle the salt into one half of each fillable ornament.

Step 5: Next, spray the mixture lightly with witch hazel and press the mixture into both halves of the mold, press down firmly. Now, spritz both halves of the ornaments with witch hazel. Finally, attach the ornament halves together. Allow to set up.

Step 6: Once they have hardened, gently remove the bath bombs from the mold.
