

Hot Fudge Brownie Slime Recipe

Recipe makes approximately 2- 8 oz. jars of slime.

Here's What You Need:
Ingredients

[Borax](#)
[FUN Soap Colorant Brown Oxide](#)
[FUN Soap Colorant Black Oxide](#)
[8 oz Bullet Bottle](#)
[24/410 White Smooth Disc Lids](#)
[8 oz Clear PET Jars](#)
[White Smooth Lids 70/400](#)
[Disposable Pipettes](#)
[Hot Fudge Brownies Fragrance Oil](#)

Other Ingredients & Equipment You'll Need:

Mixing Bowls (3)
Stainless Steel Spoon
Measuring Cups
Measuring Spoons
White Elmer's Glue
Shaving Cream
Slime Charms (Cherries and Chocolate Bars)

Here's How It's Done : Directions

Step 1: Begin by preparing your borax solution. In one of your bullet bottles, add ½ teaspoon of Natures Garden's borax. Then, add 8 ounces of warm water. Put a lid on top of the bullet bottle. Make sure the lid is in the closed position. Then, shake to mix the two ingredients together. You will need this solution in a later step.

Step 2: Now, in a deep mixing bowl, add 1 cup of the glue. Also, add 2 cups of shaving cream and 4ml of the Hot Fudge Brownies Fragrance Oil using a disposable pipette. Using your hands, mix everything together completely.

Step 3: Now, divide the mixture into two bowls. You will need about 2/3 of your mixture in one bowl and 1/3 in the other bowl.

Step 4: To the bowl containing 2/3 of the mixture, add a small amount of the Brown Oxide FUN Soap Colorant and a small amount of the Black Oxide FUN Soap Colorant. Then, use your hands to mix the colorant into the mixture. You want to achieve a chocolate color. The second bowl will remain white. Be sure to wash your hands after mixing so you do not get any brown slime in the white slime.

Step 5: Now, you will need the borax solution you prepared. Add a small amount of the borax solution and mix. Then, add more of the solution and mix again. Repeat this process until you have a taffy like consistency.

Note: If you do not add enough borax solution, your slime will be too sticky. If you add too much of the borax solution, your slime will be too stiff and not as stretchy. So, make sure you add only small amounts of the solution at a time.

Step 6: Place your slime in your clear jar. Fill each jar 2/3 of the way full with brown slime. Then, fill the rest of the jar with white slime. If you choose, you can save a small amount of the brown slime to drizzle across the top of your jar. Add a cherry charm along with some chocolate bar charms. Finally, place a lid on top for storage.

We hope that you enjoy this hot fudge brownie slime recipe!
