20 drops Da Bomb Soap Dye Yellow

Total Recipe Weights for Frosting:

150 grams Whipped Soap Base
150 grams Cocoa Butter Melt and Pour Soap
15 grams Mrs. Claus Cookies Fragrance Oil
15 grams Vanilla White Color Stabilizer
30 grams Vegetable Glycerin

Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: First, weigh out and mix the baking soda, Epsom salt, corn starch, kaolin clay, and powdered milk. You will need to break up any clumps you find in the mixture.

Step 2: Next, melt the mango butter, rice bran oil, and cocoa butter golden natural. Mix thoroughly to be sure everything is completely blended.

Step 3: Now, add your wet ingredients to the dry ingredients. Once again, mix to fully blend all of the ingredients.

Step 4: Then, add the Mrs. Claus Cookies Fragrance Oil, Da Bomb Soap Dye in yellow and blue, and Vanilla White. Use your hands to mix the ingredients together.

Here's How It's Done : Directions

Step 5: Begin adding the citric acid, mixing it in using your hands. Next, mist your mixture with witch hazel while mixing. Once you have a dough like consistency, go ahead and start forming cookies. You want to pack them tightly so that they do not crumble. Place them on a silicone mat or wax paper. Allow them to harden.

Step 6: Prepare your whipped frosting. First, whip the whipped soap base using a hand held mixer. Then, add the vegetable glycerin, Mrs. Claus Cookies Fragrance Oil, and Vanilla White. Again, mix using your hand mixer to blend the ingredients together.

Step 7: Now, melt your cocoa butter mp soap in your microwave in 30-second intervals until it is in a fluid state. Once melted, add it to the whipped soap base and use the hand mixer to blend it to a whipped frosting consistency.

Step 8: Quickly frost your cookies and add sprinkles.

Your Mrs. Claus Bath Cookies are now ready to use! Simply place a cookie in your bathtub to use!
