Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

1. Weigh out the Arrowroot Powder, Lavender Flower Powder, and Chamomile Flower Powder in your mixing bowl. Gently stir with your mixing spoon to blend all of the powders together nicely.
2. Once your powders are well distributed, add your 5 drops Baby Powder Fragrance Oil (optional).
3. Again stir gently. This time try to break up any clumps from the fragrance oil addition. You want your powder mixture to be clump free. Once your mixture is clump free it is time to package.
