Clean and Sanitize your work area and any of your packaging materials you will need. It is suggested that you wear protective clothing, gloves, and a hair net while preparing this recipe.

Step 1: First, in a deep mixing bowl, use your scale to weigh out your Whipped Soap Base for the caramel colored layer.

Step 2: Next, add the Pearamel Fragrance Oil, the Vanilla White, and the Natures Garden's FUN Soap Colorants for this layer.

Step 3: Now, use your hand mixer to whip the soap base until the base is at a frosting-like consistency.

Step 4: Add the powdered sugar. Then, once again, use the hand mixer to blend the powdered sugar with the base until it is once again at a frosting-like consistency.

Step 5: Finally, divide the caramel colored soap base among each of your seven jars to create your first layer.

Step 6: At this time, we will create the white layer. Weigh out the whipped soap base in a deep mixing bowl. Then, to this bowl, add the Pearamel Fragrance Oil and the Vanilla White Color Stabilizer. Once again, use your hand mixer to blend the ingredients until you have a frosting consistency.

Here's How It's Done : Directions

Step 7: Add the powdered sugar and whip the soap again to the same consistency.

Step 8: Now, add the white layer to the jars. Scoop the whipped soap into each jar, dividing it equally among each of the seven jars.

Step 9: It is now time to create the final green colored layer. So, weigh out the whipped soap base for this layer. To the same bowl, add the green colorants, the Pearamel Fragrance Oil, and the Vanilla White Color Stabilizer. Use your hand mixer to whip the base to that same frosting-like consistency.

Step 10: Finally, once again, add the powdered sugar to the green whipped soap and mix it to a frosting-like consistency.

Step 11: Add the green soap to each of the seven jars. Place a lid on each jar.
