Here's How It's Done : Directions

Total Recipe Weights:

260 grams Citric Acid
520 grams Baking Soda
28 grams Grapeseed Oil
16 grams Honey Almond Fragrance Oil
10 drops FUN Soap Colorant Neon Pink
10 drops FUN Soap Colorant Neon Yellow
10 drops FUN Soap Colorant Neon Blue
10 drops FUN Soap Colorant Deep Purple

This recipe is best prepared in non-humid climates. Prior to making this recipe, pour some of your witch hazel into a spray bottle in order to have this ready. Additionally, prepare a second bottle filled with rubbing alcohol.

Step 1: We will prepare this recipe in four separate bowls. Each bowl will be colored with a different color. So, first, you will need four small mixing bowls. Add 130 grams of baking soda to each bowl.

Step 2: Next, add 65 grams of citric acid to each bowl. Use your hands to mix the ingredients together. At this time you will also want to break up any clumps using your hands.

Step 3: Add 7 grams grapeseed oil and 4 grams of Honey Almond Fragrance Oil to each bowl. Using your hands, mix well.

Step 4: Finally, we will color the bath bomb mixture. Each bowl will be a different color. One bowl will be pink, one blue, one yellow, and one purple. So, add 10 drops of FUN Soap Colorant neon pink to bowl one. Then, ten drops blue colorant to the next bowl. Next, add ten drops of neon yellow to bowl three. Finally, add 10 drops purple to the last bowl. Use your hands to mix the contents of each bowl, fully incorporating the color.

Step 5: Lastly, spritz your bath bomb mixture lightly with witch hazel and mix well. You will only need a couple sprays per bowl.

Step 6: Then, press the mixture into the cavities molds, press down firmly. Each color will create two Peep Bunny bath bombs.

Step 7: Once they have hardened, remove them from the molds. Then, spray the bath bombs lightly with rubbing alcohol. Finally, sprinkle them with sugar until they are completely covered.

Your Peeps Bunny Bath Bombs are now ready to use!
