**Step 1:** Prepare your melt and pour soap embeds. Weigh out and melt the cocoa butter melt and pour soap base. Pour the melted soap into six cavities of the big chocolate chips mold. Spray the soap with alcohol. Allow them to set up before removing them from the mold.

**Step 2:** Begin by weighing out and mixing the baking soda, Dead Sea salt, corn starch, bentonite clay, and powdered yogurt. You will want to break up any clumps you find in the mixture. A sifter can be used if desired.

**Step 3:** Next, using a double boiler, melt the cocoa butter, avocado oil, and shea butter. Mix thoroughly to be sure everything is evenly blended.

**Step 4:** Now, add your wet ingredients to the dry ingredients. Once again, mix to fully incorporate all of the ingredients.
