

Rose Clay Eyeshadow Recipe

Recipe makes approximately 3- 10 ml jars.

Here's What You Need:
Ingredients

[Arrowroot Powder](#)
[Rose Clay Powder](#)
[Clear Jar with Natural Lid 10 ml](#)
[Clear Jar with White Lid 10 ml](#)
[Clear Jar with Black Lid 10 ml](#)
[Diamond Dust Mica Pigment](#)
[24K Gold Mica Pigment](#)

Other Ingredients & Equipment You'll Need:

Measuring Spoons
Small Mixing Bowls

Here's How It's Done : Directions

1. First, remember that you are working with a natural clay. Since these are natural ingredients, the pink color can vary from batch to batch.
2. You will need 3 small bowls. To the first bowl, add 1 tsp of the arrowroot powder.
3. To the same bowl add 1 tsp of the rose clay. Then, stir until the ingredients are fully blended. Add the powder to one of the 10 ml jars. This will create a matte eyeshadow finish.
4. Next, we will create an eyeshadow with a silver-white undertone, giving the finished product a cool undertone. So, to your second bowl, add 1 tsp of the arrowroot powder, ½ tsp rose clay, and ½ tsp Diamond Dust Mica Pigment. Stir, blending all three ingredients completely. Add the contents of this bowl to one of the 10 ml jar.
5. Finally, we will create an eyeshadow using the 24K Gold Mica Pigment. This will give the eyeshadow a dark golden colored eyeshadow with a slight pink tint and gold shimmer. Once again, you will need a small bowl. Add 1 tsp arrowroot powder, ½ tsp rose clay, and ½ tsp 24K Gold Mica Pigment. Once, again stir to blend the ingredients and add it to one of the 10 ml jars.
