[Natures Garden Soap Apron](#)  
[Safety Gloves](#)  
[Safety Mask](#)  
[Safety Glasses](#)  
[Bath Bomb Molds](#)

## **Other Ingredients & Equipment You'll Need:**

Witch Hazel (in spray bottle)  
Mixing Bowls  
Mixing Spoon  
Scale

## Here's How It's Done : Directions

### **Total Recipe Amounts:**

300 grams Citric Acid  
600 grams Baking Soda  
182 grams Sodium Lauryl Sulfoacetate  
10 grams Kaolin Clay Powder  
18 grams Jojoba Oil  
18 grams Sangria Punch Fragrance Oil  
3 drops Tomato Red FUN Soap Colorant  
4 grams Diamond Dust Mica Pigment  
40 grams Himalayan Pink Salt Fine Ground  
18 grams Himalayan Pink Salt Coarse Ground

**This recipe is best prepared in non-humid climates.**

Before you start, clean and sanitize your work area as well as all of your packaging materials. We also suggest wearing gloves, protective clothing, and a hair net while creating this bath fizzy recipe. In addition, prepare your spray bottle, filling it with witch hazel.

**Step 1:** First, weigh out your baking soda. Use your hands to break up any clumps. To this bowl, also add the kaolin clay, diamond dust mica, and sodium lauryl sulfoacetate. Once again, use your hands to break up any clumps and to mix the ingredients together.

**Step 2:** Next, in a separate bowl, add the jojoba oil and the Sangria Punch Fragrance Oil.

**Step 3:** At this time, add the oils to the powders and mix everything together using your hands.

**Step 4:** Now, divide your mixture in half. To one half add the fine ground pink salt. To the second half add the tomato red soap colorant. Use your hands to mix the contents of each bowl together.

**Step 5:** Begin with the white bath bomb mixture. Add 150 grams of the citric acid and mix everything together. Then, spray the mixture with witch hazel and mix. Continue mixing and spraying until you have a crumbly dough consistency.

**Step 6:** Now, add 3 grams of the coarse pink salt to one half of each bath bomb mold. Pack one half of your mold tightly with the white mixture.

**Step 7:** At this time, we will finish the pink half. So, to this half add 150 grams of the citric acid and mix using your hands.

## Here's How It's Done : Directions

**Step 8:** Begin spraying the pink bath bomb mixture with witch hazel and mix using your hands. Continue spraying and mixing until your mixture is at a crumbly dough consistency.

**Step 9:** Finally, add the pink bath bomb dough to the second half of each mold. Then, spray one white half and one pink half of the mold and press the two halves together.

**Step 10:** Allow the bath bombs to setup. Then, you can leave them in the mold and use it for packaging or remove them from the molds and package them.

We hope that you enjoy your sangria shimmer bath bombs!
