- 4 grams Kaolin Clay Powder
- 7 drops Tomato Red FUN Soap Colorant

First, clean and sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Begin by getting out your mixing bowls and scale. Then, use a scale to weigh out your whipped soap base. Set aside.

Step 2: Now, you will need to get out your hand mixer. Add the Strawberry French Toast Fragrance oil, Vanilla White Color Stabilizer, avocado oil, and Kaolin clay to the bowl. Turn it on and begin whipping the whipped soap base. Mix until the base begins to look like whipped frosting.

Step 3: Next, divide your whipped soap into two equal portions. Half of the soap will remain white. To the second bowl, add the red colorant and mix with the hand mixer.

Step 4: At this time, we will add the whipped soap to the decorating bag. To the right half of the bag, add the white soap. To the left half of the bag, add the pink soap.

Step 5: Pipe the soap into the 4 oz. jars. Place a lid on each jar.

Your strawberry bath whip is now ready to use! Enjoy!
