3" Pie Crust Mold ([www.flexiblemolds.com](http://www.flexiblemolds.com))  
Strawberries Mold ([www.flexiblemolds.com](http://www.flexiblemolds.com))

## Here's How It's Done : Directions

**Step 1:** Prepare the pie crusts. Weigh out and melt 1.5 oz. of the Pillar of Bliss. Once melted, add about 1 gram of the cappuccino color block. Then, add 0.15 oz. of the Strawberry French Toast Fragrance Oil. Stir. Pour the wax into the mold. Once the wax has set up, remove it from the mold. Repeat this process to create 4 pie crusts.

**Step 2:** Carefully use a votive wick pin to poke a hole through the center of each pie crust. Then, thread a wick through each pie crust.

**Step 3:** Prepare the strawberries. Weigh out and melt 3 oz. of the Pillar of Bliss. Once melted, add about 3 grams of the red color block. Then, add about 0.3 oz. of the Strawberry French Toast Fragrance Oil. Stir. Pour the wax into the strawberries mold. The remaining wax will be used as a drizzle in a later step. Set it aside. Once your strawberries have set up, remove them from the mold.

**Step 4:** Prepare the whipped wax. Melt 8 ounces of Joy Wax. Once melted, add the Strawberry French Toast Fragrance Oil. Allow the wax to come to a slushy type consistency. Begin whipping the wax with a hand mixer until you have a whipped frosting consistency.

**Step 5:** Pipe about 2 ounces of the wax into each pie crust you created using a decorating bag with a large round tip. As you are piping, remember to keep your wick centered and straight.

**Step 6:** Remelt the red wax you set aside earlier. Drizzle each candle with the red wax. Then, place a strawberry on top.

Once cured, your wax melts is ready to use! Enjoy!
