Clean & Sanitize your work area and all of your packaging materials. It is suggested that you wear gloves, protective clothing, and a hair net while preparing this recipe.

Step 1: Using your scale, weigh out your Whipped Soap Base and place it into your mixing bowl. Set aside.

Step 2: In a separate bowl, weigh out your brown sugar. Break up any clumps.

Step 3: Next, using your hand held mixer, start to whip the whipped soap base. You will notice the base will start to appear like whipped frosting; when you have reached this point, turn off the mixer and add the brown sugar to the whipped soap base.

Step 4: Using a spatula, begin to fold the brown sugar into the whipped soap base. You want to thoroughly mix this to incorporate it well.

Step 5: Next, add 46 grams of fragrance oil. Then, and 12 drops Orange Oxide and 14 drops Brown Oxide Fun Soap Colorants. Using your spatula, fold the fragrance oil and soap colorant into the mixture. Make sure you clean the sides of the bowl with a spatula.

Step 6: Start whipping the mixture again. Make sure the mixture is well blended. When the mixture begins to look like whipped frosting again, stop beating. Set the bowl aside and allow it to set up for at least 5 minutes.

Step 7: Finally, using a spoon scoop the bath whip into your 4 oz clear PET jars and lid.

Your sweet potato and brown sugar bath whip is now ready to use! Enjoy!
