Here's How It's Done : Directions

Total Recipe Weights:

29 grams All Natural Lip Balm Base

29 grams Castor Oil

20 drops Kiss of Death Flavoring

2-10 drops Lip Tint

Step 1: In a small microwave-safe mixing bowl, add 29 grams of the lip balm base and 29 grams of castor. Melt the base in the microwave in 30 second intervals until it is in a fluid state.

Step 2: Once melted, add 20 drops of the Kiss of Death Flavoring and lip tint in the color of your choice. We used 2-10 drops in ours. We used Diva Red, Prissy Pink, and Mysterious Mauve to achieve the colors in the picture. Stir.

Step 3: Add the lip gloss to the 6 ml jars and allow them to setup at room temperature.

Step 4: Once the lip balm has cooled, place a white lid on the jar.

Your lip gloss is now ready to use! Enjoy!
