Here's How It's Done : Directions

Prior to creating this recipe, make sure you have cleaned and sanitized your work area. Also, we recommend wearing protective clothing, a hair net, and gloves.

Step 1: First, melt 5.35 ounces of Nature's Garden's all natural lip balm base. You will melt it in your microwave, 30 seconds at a time. You want the base to be completely melted.

Step 2: Next, in a separate bowl, melt 7 white chocolate wafers. Again, use the microwave, melting them in 30 second bursts until they are completely melted.

Step 3: When both the base and chocolate are in liquid form, add the chocolate to the base. Stir until the chocolate is completely incorporated.

Step 4: Now, add ½ teaspoon of our diamond dust mica. Stir well.

Step 5: Finally, you will need to add 20 drops of our peppermint essential oil.

Step 6: Add the melted base to the 10 ml lip balm pots. Allow them to set up before using.
